section 33-151.18 of the Code

A substitute was presented and forwarded to the BCC with a favorable recommendation at the 4-12-16 Unincorporated Municipal Service Area Committee. **Date:** May 17, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez   
Mayor

**Subject:** Fiscal Impact for Zoning Ordinance Modifying Requirements for Installation of Safety  
Barrier at Child Care Facilities

---

The proposed ordinance pertaining to zoning amends Section 33-151.18 of the Code of Miami-Dade County (Code) modifying the existing language to clarify that all childcare facilities abutting a section line or half-section line right-of-way are to comply with the requirements of the Code or install: a) an anti-ram fixture with a minimum Department of State protection rating of K4, or b) a safety barrier from vehicular traffic along the entire length of the playground/play area abutting the right-of-way. The proposed ordinance also amends the Code to clarify that childcare facilities operated by Miami-Dade County must also comply with the provisions of the Code. The proposed ordinance also adds language to the Code specifying the standards under which variances of these requirements can be approved.

Adoption of the proposed ordinance is not anticipated to have a significant impact on permitting or enforcement activities in the Department of Regulatory and Economic Resources. Therefore, the implementation of this ordinance will not have a fiscal impact to Miami-Dade County.

# Memorandum

**Date:** May 17, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Social Equity Statement for Zoning Ordinance Modifying Requirements for Installation of Safety Barrier at Child Care Facilities

---

The proposed ordinance modifies Section 33-151.18 of the County Code to:

- clarify in the existing County Code language that all childcare facilities are to comply with the requirements of the County Code or install a safety barrier along the entire length of the playground/play area abutting the right-of-way, or an anti-ram fixture with a minimum Department of State protection rating of K4;
- clarify that the provisions of the County Code also apply to childcare facilities operated by Miami-Dade County; and
- add language specifying the standards under which variances of these requirements can be approved.

The cost to comply with the County Code if this item is approved will be incurred by the owner/operator of any child care facility to which the safety barrier requirement applies. The specific cost to install a safety barrier depends on the size and length of the playground/play area that abuts the right-of-way. Non-compliance is enforceable under the County Code and the associated violation costs will also be borne by the owner/operator of the non-compliant facility.

Safer and better protected childcare facilities benefit the children and parents, as well as employees and owners/operators.
